**NOTICE OF CONSIDERATION OF COVERAGE UNDER
GENERAL WASTE DISCHARGE REQUIREMENTS
ORDER NO. R1-2006-0107**

FOR

John's Auto Repair (Floyd Wiggins)
3454 Santa Rosa Ave., Santa Rosa

SONOMA COUNTY

The California Regional Water Quality Control Board (Regional Water Board), North Coast Region, proposes to extend coverage under General Waste Discharge Requirements Order No. R1-2006-0107 (Order) for 3454 Santa Rosa Avenue, Santa Rosa, California (Site). The Site is a former gasoline station where petroleum hydrocarbons and associated chemicals have impacted groundwater. As part of the approved remedial action plan the discharger began injecting ozone into the subsurface in June 2005. On November 29, 2006, the Regional Water Board adopted Order No. R1-2006-0107 for the addition of chemical oxidants to soils and/or groundwater. Therefore, all sites with ozone sparge injection systems must be covered under Order No. R1-2006-0107.

The discharger and/or other interested persons may call Beth Lamb at (707) 576-2669 or submit to the Regional Board office at 5550 Skylane Boulevard, Suite A, Santa Rosa, CA 95403, written comments, technical reports, testimony, and other evidentiary material concerning this matter by 5:00 p.m., up to 30 days from the date of this publication.

The Order is available for review on the Regional Water Board website at: <http://water100.waterboards.ca.gov/rb1/orders/asp/s.asp>. The Order, related documents, and comments received are on file and may be inspected or copied at the Regional Board office Mondays through Fridays from 8:00 a.m. to 5:00 p.m. Appointments are recommended for file review and can be made by calling (707) 576-2220.

Coverage under WDR Order No. R1-2006-0107 will be granted after thirty days from the date of the publication and posting of this notice, unless the Executive Officer receives information that the project may not meet the intent of the Order.

Robert Klamt
Interim Executive Officer
